1 Acknowledgments

We take this as an oppurtunity to express our deep sense of gratitude to the worldwide **FOSS community** and LaTeX for making us available such great Open-Source technologies.We shall always remain indebted to Prof. Abhijit A. M., for everything that he has taught us. Right from teaching us what Free and Open Source World is to guiding and motivating us in LDAP Administration in College of Engineering, Pune.

We also thank the Head of Department, other faculty members and all other people in Department of Computer Engineering and Information Technology, College of Engineering, Pune for their support and the faith that they have shown in us. We are grateful to everyone who are directly or indirectly involved in LDAP Administration in our college.

We are thankful to **ACM Bangalore** for hosting this event, and providing us a platform to contribute our bit to the world of Free and Open Source Software.
